## **Community Emergency Plan for Kempsford Parish**

#### 1. PURPOSE

Aim of the Community Emergency Plan - is to increase resilience within the local community before, during and after emergencies, and to link into the local authorities and emergency services' emergency response structures. This Plan documents how Kempsford Parish would respond in an emergency situation e.g. while awaiting the assistance of statutory authorities /emergency services, or in support of them. It is not the role of the community to take on the responsibilities of these agencies e.g. to save life, to take any risks to themselves or to cope for long hours without agencies' help and support.

Objectives

- Provide details for key community contacts with whom authorities can liaise with in an emergency
- Identify the risks to the community and relevant response actions
- Identify resources (including local 'Place of Safety') in the community to assist during an emergency
