Overhanging foliage, trees and shrubs

A polite reminder in the interest of safety and convenience to the general public, please can you cut back any overhanging trees, shrubs and vegetation from your property that causes an obstruction or nuisance to users of public footpaths. Thank you.

Temporary footpath closures

Users of the footpaths at Whelford Pools Nature Reserve and surrounding area will see that a Temporary Footpath Closure Order is in place until May 2020. The closure is required for works to reinstate the Court Brook back on its original course and stop-off the diverted route in to the Conservation Lake. Works are only expected to last 4 or 5 days and we hope that they will be complete within the next couple of weeks. It is standard practice with temporary closures for a period of 6 months to be granted. We have been assured that any works requiring closure will be kept to a minimum.

Badgers!

Once again badgers are causing a problem with the roads within the Parish.

They have returned to the Hannington Road and also Dudgrove Lane. Gloucestershire County Council has obtained the relevant licences from Natural England required to remove the badgers prior to repairing the roads.

Dudgrove Lane road has begun to collapse over the last week and all steps are being put in place to repair the road. It is expected the works will be carried out week commencing 2nd December and hopefully the road can hold out until then as it is the only access for Dudgrove residents. The photos below are of the damage at Dudgrove Lane.

Any information on required road closures/repair dates will be posted on the Parish Council website when we receive them.

Be on alert for bogus Council Tax phone calls and emails

Cotswold District Council has issued a warning to residents to be aware of fraudulent council tax phone calls and emails after receiving several reports from residents.

People are receiving cold calls and emails about council tax from individuals who are claiming to be council staff. In each instance the persons were told that their council tax direct debit had failed and that payment was required over the phone.

Fortunately, the offenders did not succeed in obtaining correct bank details from residents and no money was stolen.

Police Sgt Garrett Gloyn, from Cirencester Police, said: “We received reports that scam calls have shown the call as coming from the district council’s telephone number. This was not the case and the way the calls were made is being investigated.

“We advise you not to engage with cold callers seeking your bank details even if you believe you know the number from which the call is being made.”

Cotswold District Council has confirmed that any residents who miss a payment of their council tax would be written to and not telephoned.

What do you need to do?

Always question unsolicited requests for your personal or financial information. Just because someone knows your basic details (such as your name and contact details), it doesn't mean they are genuine. Instead, contact the company directly using trusted methods such as a known email address or phone number.

Don't be rushed or pressured into making a decision. Under no circumstances would a genuine bank or some other trusted organisation force you to make a financial transaction on the spot and they will never ask for your PIN.

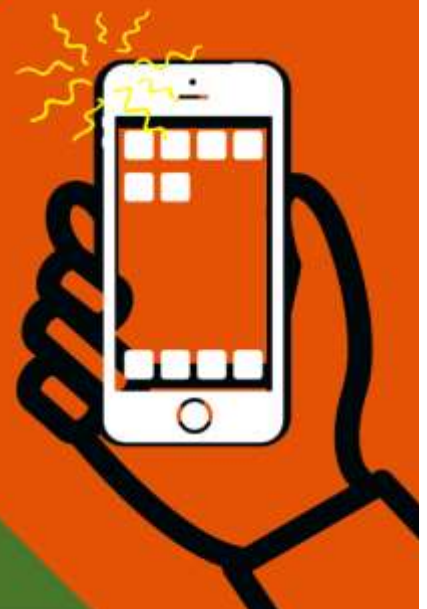

Report phishing attempts. If you receive a call, text or email of this nature and have not lost money, [report this as a phishing attempt to Action Fraud](#)

Beware of SCAM phone calls and texts!

Always question unsolicited requests
for your personal or financial information

The council would NEVER phone direct
to ask you for this information

If you receive a SCAM call, text or email please
report it to Action Fraud at www.actionfraud.police.uk

Dear Friends,

The season of Advent is upon us, the many signs of Christmas are here. Lights and decorations have gone up in shops, adverts on the television are all about party food, turkey and toys. In the Church, Advent is a season of reflection, where we prepare for the great festival by simplicity. We have no flowers in **church, we don't sing our typical hymn of Gloria. It can be hard to maintain** when the rest of the world seems to be already in the swing of Christmas, but it is a good thing to do. It makes the arrival of Christmas so much more of a joy.

And Christmas is meant to be a joy. I am so saddened when I hear people complain of excess at Christmas. It is a thing we can control ourselves, so **surely if you feel there is too much of a thing, then don't do it! Complaining** about turkey seems to be a thing I hear a lot about too. Many people complain **it's always too dry. I don't think I shall ever be mistaken for Nigella Lawson,** but I find with stuffing, basting and the right cooking routine ours is always nice **and moist, and it's not obligatory to cook one anyway, so cook something you** like.

I was infamous when teaching for debunking all the Nativity myths. Now however much one wants to interpret the historical accuracy of the Bible, if something is not there, then it is very hard to argue otherwise. One TA I worked with in particular was upset by my pointing out there is no donkey in **the Bible story. I don't mind the use of one** in Nativity sets, there is quite a difference between being an RE teacher and a parish priest, but I do recommend you read the Bible accounts (there are only two) of the birth of Jesus. It certainly challenges a lot of Christmas card images!

Whether it's with lights or paper chains, turkey or beef, donkey or dragon (some Nativity sets are more bold than others!) I hope you have a very wonderful Christmas, and that the New Year brings you health and happiness.

God bless, Nick

RAF Fairford Tanoy System

The Giant Voice is a mass alert notification system, able to send a message across the base to all personnel in the case of an emergency and tests have previously been carried out monthly.

The system has recently been upgraded, and will now be tested on a weekly basis, taking place at **1200 noon every Wednesday. The test will start and end with the words “exercise, exercise, this is a test of the giant voice system”, with a solid tone between. The whole test will take around 30 seconds.**

The test is unlikely to be heard in your towns and villages, unless the prevailing wind sends the noise in your direction! I just wanted to assure you that, if you hear anything on a Wednesday at noon, then this is nothing to be alarmed about.
