#### *Kempsford Advent Windows and School festive themed jog/toddle around the village*

Following the success of last year, we have decided to do it all again!

We have 26 Advent window houses ready to go. Each house will display a number and post on the village Facebook page.

It has been arranged as a nice walk around the village, starting with the School on the 1st and finishing at the Church on the 24th.

On Sunday 12th December the children of Kempsford Primary School will be participating in a festive themed jog/toddle around the village. Please do come out and give them a cheer and wave if you see them on their travels.

## DOG FOULING

Dog fouling is a serious issue. It is unpleasant for other members of the public and can cause serious illness.

There has been an increase in complaints to the Parish Council recently regarding the pavements in Kempford. The photo below was an example at Hazel View.

Instances can be reported to Cotswold District Council and complaints will be investigated, offenders will be prosecuted. It is helpful if you can tell us the time, date and place it happened and the name and address of the person.

### Fixed penalties

The Cotswold District Council Public Spaces Protection Order (PSPO), makes it an offence if you do not remove any poo deposited by your dog. This removal must be done without delay. The order, made under the Anti- Social Behaviour, Crime and Policing Act 2014, applies to all public, open, land in the District whether or not warning signs are displayed. The PSPO also requires dog walkers to carry the means to pick up dog poo whilst on a walk.

Any breach of the Order could result in a £100 fixed penalty notice or being taken to court and receiving a fine on conviction of up to £1000.

## Interest in Basketball Club?

You may be aware of the Multi Use Games Area opposite the school in the village.

I have had the idea of starting a basketball club on this area.

If we can interest enough people (above eight preferably) we can begin playing in the Spring.

No previous experience is necessary, and as a qualified basketball coach, I can provide coaching/ refereeing.

Please contact Roger West ([rogerwest2019@icloud.com](mailto:rogerwest2019@icloud.com)) for more information and to register an interest.

*THE LAKES BY YOO IS EXTENDING THE LAKES CONCEPT INTO 110 ACRES OF NEIGHBOURING FAIRFORD LAND CURRENTLY KNOWN AS LAKES 103 & 104*

19<sup>th</sup> November: The Lakes by Yoo is partnering with local land owner Cygnet Investments to create a Holiday Home development on a neighbouring 110 acre site.

This extension comprises of four lakes. The largest of the lakes, currently known as Lake 104 will continue to be accessible to the local community and will be renamed as Cotswold Waters.

The current planning consent will see 77 houses built on two existing lakes, 103 and 103A and 69 apartments built on a new lake called Milestone. In future, these lakes will be known as Lily, Malo and Milestone. The overall project will still be referred to as **“The Lakes”** and the extended estate will be managed by the current Lakes management team.

This extension to the Lakes estate is being developed with the same principles of ecology and conservation at its core. The focus will be on creating beautiful homes while at the same time investing in and improving the existing environment.

Works have already commenced and wherever possible services will be drawn from the immediate locality, namely Fairford and Kempsford.

The existing Lakes estate has historically delivered a significant positive economic contribution to local businesses and this new extension will do the same.

There is also provision for a new leisure facility to be constructed in the future for the benefit of both the residents and the local community, details and timings tbc.

Importantly, a pledge has been made to ensure the continuation of the community access to the land, lakes and footpaths currently enjoyed by local residents.

A responsible and respectful approach to the construction will be maintained at all times.

The nights are definitely drawing in and the year is drawing to a close too. As the COP26 summit has focused us on the need for nations and people to reduce our consumption, perhaps we can approach Christmas this year in a spirit of simplicity.

Advent comes first, at the start of December; a time to assess our lives, hearts and hopes as we look forward to the birth of Jesus at Christmas. We will be holding some Advent workshops to help us strengthen the foundations of our lives and faith, steadying us for the difficult times we are living through:

1. Monday 29<sup>th</sup> November 1.30-2.30pm Castle Eaton Village Hall  
Drawing on the wisdom of the Bible.
2. Monday 6<sup>th</sup> December 1.30-2.30pm **St Mary's Church Meysey Hampton**  
New and old ways to pray.
3. Monday 13<sup>th</sup> December 1.30-2.30pm Whelford Village Hall  
The gift of stillness & silence.

All are welcome to take an hour out to draw on ancient wisdom together.  
(All our venues have heating and toilets).

Our Christmas services are advertised in the newsletter – it would be wonderful to see you to celebrate over the festive period. Jesus comes to us as an infant in a stable, entering the complexity of our world as an innocent child to bring us hope and salvation. **Perhaps there's never been a time when we've needed these more in our hearts and in our world.**

Wishing you a joyful Christmas, Rev Kim.

## **100 YEAR ANNIVERSARY OF THE ROYAL BRITISH LEGION POPPY APPEAL 2021**

In October 1996 I was asked at very short notice to temporarily take over the local Poppy Appeal, because of the sudden and most unexpected death of Pam Archer, who had organised the Appeal for many years. I am sure that many people in the Parish will remember Pam with much fondness.

Clearly the temporary aspect of my involvement with the Appeal has passed me by, because here I am still in post after 25 years, along with the 100<sup>th</sup> anniversary of the Royal British Legion. Therefore, I wish to sincerely thank everyone who has supported the Appeal over those years, because your support has meant that the Appeal has gone from strength to strength each year.

Today, with the help of the House to House Collectors and residents of Castle Eaton, Dudgrove, Dunfield, Kempsford, Whelford, the Parish Council, Kempsford Primary School, staff and pupils, St Mary's Churches at Castle Eaton and Kempsford, the RAF Charitable Trust (RAFCTE) Fairford, the George and the Red Lion Pubs and the Shell Garage on London Road, the collection has surpassed all others in 25 years. With your tremendous and most generous support we have raised an amazing £2860.90 this year.

As always, these funds will be used by The Royal British Legion to help members of our Armed Forces, past and present, and their families, in their time of need.

Thank you all very, very much.

## **PANTO TIME** at Kempford Village Hall

During the 1970's and 1980's the annual Pantomime performed at Kempford Village Hall was a popular community event and often a sell out!

There were 3 consecutive evening performances, and it often took until the last night before scripts could be remembered!

## Walk 10: Lushill

Distance **5.34mi**

Moving Time **1:36:06**

Pace **17:59/mi**

This final walk starts in Castle Eaton and sets out down Mill Lane, as did the walk that went along the Thames Path towards Cricklade. In this case however our first turning is to the left, perhaps after only 30m along Mill Lane. There are fences on either side here as you walk behind the fairly new big houses and then come to a field which will take you behind the big barn conversion. Pic 1 shows the view looking back towards Castle Eaton. I just walked around the edge of the field to the gate which will put you on the road to A419/Swindon. Cross this and walk down the road opposite, which takes you past some rural 'units', potentially useful places that make roof tiles, sell firewood, and controversially for Castle Eaton, a grass-to-gas plant (Pic 2). This has been closed for sometime, but I believe they are now increasing the size to make it economic. You may have noticed some posters on properties in CE protesting about the plant. And that opens a rat's nest of questions, e.g. how much CO<sub>2</sub> do the lorries emit bringing in the grass, how much CO<sub>2</sub> has the grass absorbed when growing, how much will be generated when the gas is burnt etc. One for the experts I fear (OFTEIF)!

Sorry but we have to walk on a tarmac road for perhaps 1km. This walk does have a strange post COP26 feel about it, because next we are going to see a solar farm across the fields to the right. And later the windmills over at Watchfield. With the solar panels I do wonder why they can't use some of the power (or the grid) to change the angle of the panels as the season's change or to rotate them as the day progresses. OFTEIF!

Near the Droveaway kennels you will see a path starting off to the left (Pic 3).

Soon you are looking towards Lushill rather than Blunsdon. I ran into trouble once with a local calling it Lush - ill rather than Lush - Hill. I have had similar problems with a Lechlade local who put me right with Hambidge Lane, yep ain't no R in there. However I am happy directing people not to Southrop but to Sotherup, whilst giving them the "you ain't from these parts" look. This bit of the walk is easy, field, bridge, another field and then you will come out on the road in Lushill (Pic 4). Turn right and conquer, without oxygen, the West Face of Lushill to get the rewarding views to the west, north and east. Don't know how far you can see, and although it is a lovely sunny day today it is a bit misty in the distance. Look out for the windmills now beyond Highworth.

On your left you will find a gap in the fence (Pic 5) . This didn't have a waymarker (and the next few were not in tip-top condition). Anyway you descend and I think the official route is left hand-ish, and the eagle eyed will have spotted a double back on the Strava map. Having got back on the correct route it is right, left, right and then finally left along the set aside strip. You will go through 2 or 3 fields, all recently drilled and so far looking good. One of the fields goes behind the livery you may have noticed as you leave Hannington Wick in the Highworth direction, so lots of horses over the hedge. Kempsford church is starting to look bigger! On Strava (not shown here) we are 10ft or so below the starting level so I suspect these fields could flood fairly easily. Eventually you will come to a 4-way footpath junction. The Watery Lane walk came here (Pic 6) and we are going to turn left and go the way we went then - across the field. This time of the year the path has not been sprayed, but there are horse footprints and even a bike tyre mark to follow. At the end of the field, cross the bridge and go straight on. After a 200m or so the track goes right and after perhaps 300m you will come to a T-junction where we will turn left and leave the Watery Lane route. This is the start of the Blackford Lane, and where we re-join the Thames Path (sadly tarmac) for the last mile or so back to Castle Eaton. Unlike last month's walk, up until this point I had not seen any humans, having to settle for 2 cats and a few sheep and horses. The lane is obviously the CE's dog walking zone, and they were now out in force.

So that is it, 10 walks for 2021! Perhaps someone could do a "Cycle Route of the Month" next year?

Richard Caswell
