October 2016

Dear Friends and Neighbours

At the start of October the harvest is all but over. Haymaking was a bit later this year and our local farmers were bringing in their hay bales at the end of July; and then combine harvesters were in the fields in August and September doing their work, whilst dodging the showers.

Whilst I don't always appreciate being held-up behind large agricultural vehicles when driving on narrow lanes, I do remind myself that if it were not for our farmers, here and abroad, we would not have food on our tables – it doesn't simply appear in supermarkets by magic! And learning a little patience is not necessarily a bad thing...

Farmers and gardeners do need to be patient – waiting from the time the seeds are sown to germination; waiting for the crops to mature and survive pests, diseases and the weather; waiting for the crops to ripen ready for harvest – all takes time and patience.

The Bible has much to say about farming, the harvest and patience. St James wrote: 'Consider the farmers who patiently wait for the rains in the autumn and in the spring. They eagerly look for the valuable harvest to ripen' (James 5:7). St Paul tells us that love is – amongst other things – patient (1 Corinthians 13). Patience, we are told, is a virtue.

I am not always virtuous, and not always very patient. I am at the risk of making that prayer: *'God, make me patient – NOW!'*

In recent weeks many people needed to wait - farmers for the right weather; students for exam results; parents for the start of a new term! Whatever it is that we are waiting for – may we learn to be more patient, with ourselves and with each other.

*Rev'd John Swanton, Team Rector*

# What is Operation Christmas Child?

This annual project enables caring individuals, families, schools, churches, businesses, and other organisations to fill ordinary shoe boxes with small toys, school supplies, sweets, and other gifts for needy children around the world.

Operation Christmas Child sends a message of hope to children in need around the world through gift-filled shoe boxes.

Operation Christmas Child is the world's largest children's Christmas project. Since 1990 the project has brought the joy of Christmas to more than 47 million boys and girls throughout the world. Last year they sent 1.24 million shoe boxes from the UK to children in hospitals, orphanages, Internally Displaced Persons camps, homeless shelters and impoverished neighbourhoods. With your help they want to reach even more children in the poorest parts of the world in 2016

## Your gift is powerful

Your shoe box will make a child feel special and valued, and let them know that you care about them. Choosing gifts and then wrapping and filling a shoe box is a fun and rewarding activity for all the family – especially when you know these gifts are going to be used and treasured.

## From you to a child in need

Your shoe box will be hand delivered to a child in need, asking nothing from them in return. All boxes are given to the neediest children regardless of nationality, political background or religious beliefs. Operation Christmas Child empowers local overseas partners to ensure that your shoe boxes are delivered with the highest levels of integrity and respect.

## Packing your shoe box is simple

All you need to do is follow the instructions in the leaflet and give your boxes to the group leader who is organising your collection. Your box will then be processed by volunteers and sent to its destination to be distributed through local overseas churches and charities.

## Local Collection :

## Youth Report

Youth Worker, Chris Saunders, and an eight-strong team of teenagers from the area have served alongside SU Romania again this summer. Having encountered last-minute changes to their planned programme they ended up running a holiday club at a church in a small town called Biled. In sharing with the children and youth through craft, games and bible stories they trust that there has been a great deal of encouragement for the local church as well as a lot of fun for the young people. Further, the lives of our young people have been immeasurably enriched and we are making a pledge to continue to support the work of a faithful few in Romania. We also want to say a big thank you to all who prayed for us and helped raise the funds to go.... to such an extent that we were able to give a financial gift to the hugely appreciative local workers! For details of their adventures, please contact Chris on [saundersc2014@gmail.com](mailto:saundersc2014@gmail.com) or phone (01452) 301042 and he will be delighted to send you their team report.

# Lakes by Yoo donate to local charities

On 11<sup>th</sup> August, Lakes by Yoo donated £4,000 to two local charities; the Newfoundland Friends and the Lechlade and District Lions. The charities each received £2,000 and already have exciting plans for the donations.

The Lechlade and District Lions, a member of Lions Clubs International, will put the money towards a new community bus with disabled access. The club, which was chartered in 1978 to help in the local community and further afield where possible, runs a number of activities in the local area helping young people and senior citizens.

John Sheffield, Chair of Lechlade and District Lions' Fundraising Committee said:

*"Lechlade and District Lions is delighted to have received the donation from the Lakes by Yoo. It will help considerably with the charity work we support and will particularly help with the commissioning of a new community bus, which is expected in the next few months."*

Newfound Friends was formed in the Cotswolds 26 years ago in 1989, with the objective of using the skills of the Newfoundland Dog to raise money for children's charities. The group is now focused on training Newfoundland dogs and people in lifesaving skills and enhancing the lives of disabled adults and children through interaction with the dogs.

In recent months the Newfoundland dogs have plunged into harbours to demonstrate their rescuing skills in water, provided companionship at children's hospices and hospitals, and helped with fundraising for other charities.

Talking about the two charities, John Hitchcox Lakes by Yoo Founder said:

*"I am delighted that the Lakes by yoo is able to support these two fantastic charities. Both charities, in their own way, make a significant difference to the lives of people living locally. It was pleasure to learn more about each of their work and their plans for the future."*

Let's Talk

## Free courses

to help with stress, anxiety, low self-esteem, sleep problems and other similar issues are all available through the NHS.

The courses are being provided by the county's Let's Talk service and are based on Cognitive Behavioural Therapy (CBT).

Alex Burrage, of Let's Talk, said: "One in four of us will be experiencing a mental health condition at any given time. Our courses are all held in community venues, and some are held during the day time while others are held in the evenings, so there is usually a course to suit everyone's needs.

"They are educational in nature and there's no need to share personal information or even speak in front of other people on the course, unless you want to.

"We've helped thousands of people overcome the most common mental health problems we can all experience from time to time, and the feedback we get from people who complete our courses is fantastic. Many people say they have changed their lives."

Let's Talk is an Improving Access to Psychological Therapies service provided by <sup>2</sup>gether NHS Foundation Trust.

As well as courses, Let's Talk also provides therapy over the phone as well as face-to-face. There are also guided self-help books you can access.
