Activity at RAF Fairford

Three B-52 Stratofortress aircraft, 300 Airmen and support equipment have recently arrived to RAF Fairford, to conduct theatre integration and training. The aircraft and personnel have come from the 2nd Bomb Wing located at Barksdale Air Force Base in Louisiana. During their time at RAF Fairford, they will conduct flight operations and integration to improve bomber interoperability, training alongside allied nations and joint partners.

RAF Fairford serves as the U.S. Air Forces in Europe's forward operating location for bombers. The strong and strategic relationship between the United States and the United Kingdom ensures a collective defense posture that is ready and prepared to respond to and support global operations. These specific events enable theatre integration and training with U.S. joint partners, allied nations and other U.S. Air Force units, which enhances global bomber interoperability.

While there will be a temporary increase in noise levels, personnel and activity at RAF Fairford over the next several weeks, the U.S. Air Force will respect local quiet hours and minimize impacts to the surrounding community as much as possible, while meeting operational requirements. The U.S. Air Force is grateful for the hospitality of the local community and the U.K. as hosts.

The most recent Ample Strike exercise involved two B-1B Lancer aircraft from the 7th Bomb Wing and two B-52 Stratofortress from the 307th Bomb Wing, Air Force Reserve Command. Exercise Ample Strike 2017 was a Czech Republic led multi-National exercise involving 19 participants, aimed at increasing proficiency and improving standardization and interoperability across NATO allies and partners. Participating nations included Belgium, Canada, Croatia, Czech Republic, Denmark, Estonia, Finland, France, Germany, Hungary, Italy, Latvia, Lithuania, Netherlands, Poland, Slovenia, Slovakia, United Kingdom and United States. The U.S. Air Force's forward presence in Europe allows them to work with allies and partners to develop and improve ready air forces capable of maintaining regional security.

If you have any queries about activities at RAF Fairford, please contact Jenny Collyer, Community Relations Adviser, on 07764 166079 or jennifer.collyer.2.gb@us.af.mil.

Or you can follow the 501 Combat Support Wing on Facebook <https://www.facebook.com/501stCSW/> and <https://501csw.usaf.afpims.mil/>.

Thank you

“ We would like to thank all of the well-wishers for our son Ben's wedding to Ashleigh on September 9th. Thanks to all involved at the Church, and to Tom and his team at Jenners Barn for making it a very special occasion. We would also like to thank our neighbours for their patience and understanding regarding car parking on the morning of the wedding. A special mention and thank you to Steve Blackwell for the use of his tractor and (Simon's) trailer, it was fab and they loved it!. Thank you. Julie and Trevor Bason”

What is Operation Christmas Child?

This annual project enables caring individuals, families, schools, churches, businesses, and other organisations to fill ordinary shoe boxes with small toys, school supplies, sweets, and other gifts for needy children around the world.

Operation Christmas Child sends a message of hope to children in need around the world through gift-filled shoe boxes.

Operation Christmas Child is the world's largest children's Christmas project. Since 1990 the project has brought the joy of Christmas to more than 47 million boys and girls throughout the world. Last year they sent 1.24 million shoe boxes from the UK to children in hospitals, orphanages, Internally Displaced Persons camps, homeless shelters and impoverished neighbourhoods. With your help they want to reach even more children in the poorest parts of the world in 2016

Your gift is powerful

Your shoe box will make a child feel special and valued, and let them know that you care about them. Choosing gifts and then wrapping and filling a shoe box is a fun and rewarding activity for all the family – especially when you know these gifts are going to be used and treasured.

From you to a child in need

Your shoe box will be hand delivered to a child in need, asking nothing from them in return. All boxes are given to the neediest children regardless of nationality, political background or religious beliefs. Operation Christmas Child empowers local overseas partners to ensure that your shoe boxes are delivered with the highest levels of integrity and respect.

Packing your shoe box is simple

All you need to do is follow the instructions in the leaflet and give your boxes to the group leader who is organising your collection. Your box will then be processed by volunteers and sent to its destination to be distributed through local overseas churches and charities.

Local Collection :

St Mary's Church, Kempsford on Saturday 4th November, 10 till 12.

Join us for coffee and cake and help us to pack shoeboxes. Please bring any items along or a completed shoebox. Spare shoeboxes and leaflets will be available from the Church.

Can you knit? Hand knitted hats and scarves welcomed.

Defibrillators Awareness Sessions

Following the addition of three new Community Public Access Defibrillators (CPAD), Kempford Parish now has four placed within distinctive bright yellow boxes, located at:

- Dunfield Telephone Box
- Whelford Village Hall
- Kempford Village Hall
- The George, Kempford

Awareness Sessions

Want to know what is in the box and how to use it?

The first two PAD Awareness Sessions are:

26th October 19:30hrs Whelford Village Hall

28th October 11:00hrs Kempford Village Hall

The sessions will aim to familiarise those attending with what is in the box and how to use it to provide basic life support to a patient.

The sessions are open to anyone locally who wants to attend, although it is hoped that local community groups will make every effort to ensure they are represented.

Dear Friends and neighbours

As I write this, we have just enjoyed our annual Church Fete. Blessed by some good weather and managing to avoid the threatening showers, it was great to see so many from the village and further afield come and join us. The magnificent gardens of Kempford Manor were a fantastic setting and we were really appreciative of our warm welcome there. Thank you to so many who worked so hard to set up and tidy away, run stalls and serve teas and to all you wonderful people who came and supported us!

We are giving thanks too for harvest – a bit earlier than usual it seemed this year but now Autumn is definitely making itself felt. By the time you are reading this, we will be about to celebrate our harvest through our Harvest service and Bring-and-Share lunch to follow. Our service will be slightly less formal than usual - **we would love to welcome you if you haven't** been for a while. As always, our families and children are especially welcome! We will already have enjoyed welcoming the children from school to church to celebrate Harvest and if you drop in you will be able to see some of their work on display.

With so many tragedies continuing to unfold throughout the world, Harvest is a good time to step back and give thanks for all that we enjoy in our own, particularly beautiful, part of the Cotswolds. It is a time to give thanks to God for his provision – for how we enjoy clean running water and plentiful food. Not everyone around the world is so blessed. We give thanks as did the people of the Old Testament as they attributed all their good fortune to **God. They recognised that “all things come from God” (1 Chronicles 29:14) and for that** they were grateful and directed their thanksgiving to Him.

Perhaps there are things in your life for which you are thankful? Why not come and join us sometime, perhaps at one of our church services or even just spending a few quiet **moments in God's house and give thanks to God for all in your life.**

With every blessing,

Lynn,

The Aviva Community Fund is now open!

The Aviva Community Fund is now open. The fund offers support and funding to causes that make a difference to communities. Funding is available from £1,000 up to £25,000.

If you are active in local communities and know of projects that are happening, that could benefit from funding, please ask them to apply. The fund is unique in that, once a short application has been made, it is then up to communities to rally supporters to get votes. The project with the most votes will become finalists and judged before winners are announced. Please see the following link for further information - <https://community-fund.aviva.co.uk/>

Himalayan Balsam

Himalayan balsam (*Impatiens glandulifera*), invasive in many parts of the Cotswolds, is now subject to strict controls.

An update to the EU Regulation on Invasive Alien Species has named an additional nine plants and Himalayan Balsam is one. All plant species listed in the Regulation are subject to strict control measures. These include a ban on keeping, growing, cultivating, transporting, trading and releasing the species into the wider environment. These measures apply to individuals as well as to organisations and businesses.

The plant with its pink flowers and lance shaped leaves can be seen growing in increasing numbers alongside our roads, rivers and fields. It is an attractive plant in its way and not unremarkable. When the seed pods are dry they burst and shoot the seeds some distance from the parent plant. It is this that enables it to colonise an area so quickly. If a shoot is broken off, the plant quickly grows two shoots to replace the one. This vigour is why it is so invasive and where it grows it is literally smothering all, but the toughest of our native plants.

Gardeners and landowners who already have the balsam (and any of the other species*) on their land are not at risk of prosecution for possession as the Regulation is not retrospective. However, they will have to meet the other requirements to ensure they control the species on their property and do not allow it to spread.

New funding available for local groups in Gloucestershire!

The People's Health Trust have launched their 'Active Communities Grant Programme' in Gloucestershire.

Local groups and organisations with ideas of how they can make their communities an even better place to live are now invited to apply for funding to turn their ideas into reality.

Using money raised by 'HealthTotal' through The Health Lottery, People's Health Trust is looking to invest in projects that support people living in the most disadvantaged neighbourhoods or communities in Gloucestershire. To find out whether a project is eligible visit: <https://www.peopleshealthtrust.org.uk/apply-for-funding>. Applications from Cheltenham, Gloucester and the Forest of Dean areas are particularly welcomed.

Active Communities is a funding programme for not-for-profit groups with an income of less than £350,000 a year, or an average of £350,000 over two years, seeking investment of between £5,000 and £50,000 for projects lasting up to two years.

Projects could be almost anything that encourages strong connections between people, and that help people to make their communities or neighbourhoods even better places to grow, live, work and age. There are two strands:

They are looking for small and local projects, 'neighbourhood based projects' - genuinely designed and run by local people. By small, they mean just a small group of people on an estate, in a few streets or villages.

They are also looking for great ideas from 'communities of interest'. By this they mean a group of people who have something in common and wish to come together to address something that is important to them. These ideas could be based in one neighbourhood, or cover a wider area.

John Hume, Chief Executive, People's Health Trust, says: "We're looking to support ideas designed and run by local people which help create even stronger links and ties within communities. Whether it's a women's volunteering group run by and for Bengali women; a computer skills support group run for and by older people; support for local people to become community organisers; or young people living with mental ill-health wishing to address access to work issues or discrimination, we're interested to hear about it".

There is a two stage application process that begins with a short online form. There's step by step guidance to help you along the way.

To apply for funding, visit <https://www.peopleshealthtrust.org.uk/apply-for-funding> and contact Barbara Pond – bpond@grcc.org.uk or 01452 528491.

GRCC are running workshops and offering one-to-one support about the grant programme to help projects submit an application.

You can also contact the People's Health Trust direct – on 020 7749 9100 or email them. The deadline for Stage 1 applications is 1pm on Wednesday, 11 October 2017.
